## Widescreen Laptop Security Cabinets - 2052 Series

Dock & Lock<sup>®</sup> Series 2052 Widescreen Laptop Security Cabinets are our newest and most versatile laptop cabinets. These laptop cabinets are ideal in any business or industrial environment where widescreen computers need to be charged and connected to a network to do security patches and software upgrades. Just select a network switch for the 10U high 19" rack in the base cabinet and you are on your network 24/7.

Series 2052 widescreen laptop cabinets securely store, power and network connect laptop or notebook computers, Handheld PCs, Pocket PCs, field test equipment, radios, PDAs and other energy dependant devices.

Model Number	Description	Width		Height		Depth	
		in	mm	in	mm	in	mm
2052-L-8	8 Long Drawer Widescreen Cabinet	20.00"	508mm	52.00"	1321mm	25.00"	635mm

2052-L-10	10 Long Drawer Widescreen Cabinet	20.00"	508mm	52.00"	1321mm	25.00"	635mm
	Each Long Drawer	17.50"	445mm	3.25"	83mm	20.25"	514mm

### Cabinet Features

- Independently locking drawers offer security. Individual key assignment promotes accountability. A master key is provided for management.
- 19" 10U high rack in the base cabinet.
- Cabinets arrive fully assembled, ready to use.
- Sturdy steel construction with durable beige powder paint finish. Multiple knockouts conveniently located for cabling access.
- Sturdy, full width pull handles for easy drawer access.
- Heavy-duty, full extension drawer slides with precision ball bearings.
- Unique, patented, articulating cable management system to each drawer eliminates tight bending of cables that will degrade performance over time.
- Automatic, thermostatically controlled fans safeguard against heat build up, protecting the longevity and integrity of stored computers.
- Convective ventilation system promotes air circulation and dissipates heat even when the fan is idle.
- Lockable top storage compartment with AC power.

### Optional Features

- AC Power to each drawer
- Cat 5E or Cat 6 wiring to each drawer
- Switches and Routers
- Drawers with viewing windows
- Pre-installed Mobile Base or after market Mobility Kit upgrade.
